

JOTUN

Protective Coatings for Infrastructure Projects

FOR AIRPORTS

The development of air travel has seen a dramatic expansion of airport facilities worldwide – projects that typify the benefits provided by Jotun:

- Coatings for protection and decoration of steel and concrete surfaces
- Passive fire protection of terminal buildings, hangars and jet bridges
- External and internal coatings for fuel storage tanks
- Concrete floor protection
- Powder coatings for architectural and building components

FOR BRIDGES

Concrete and steel in bridges require protection from weathering, impact and abrasion.

Typical Jotun protective systems meet four specific demands:

- Resistance to the penetration of corrosive substances
- Excellent adhesion
- Superior protection in severe environments in accordance with ISO 12944: up to C5-M in atmospheric exposure and up to Im-3 in immersion exposure
- High resistance against mechanical and thermal stress

FOR PORTS & HARBOURS

Protection of port machinery plays a significant role in helping to maintain the operation of ports and docks.

Jotun is a leading supplier for port protective coating solutions to major fabricators. Jotun offers durable, effective and comprehensive coating systems for ports and docks equipment such as:

- QCC
- RTG
- RMG
- Portal crane
- Loaders

A GLOBAL PROVIDER OF COATINGS

Jotun is one of the world's leading manufacturers of paints, coatings and powder coatings

We have 71 companies and 36 production facilities on all continents, and are represented in more than 90 countries with our network of agents, branch offices, distributors and sales offices around the world. Our operations cover development, production, marketing, R&D and sales of paints and coatings to protect and decorate surfaces in residential, shipping and industrial markets.

Uniform standard across the globe

- Easy to exchange trained technical personnel across national borders and multi-national projects.
- Compulsory training for all technical and sales personnel in marine and protective segments. Most of our coating advisors and technical personnel have FROSIO and/or NACE certification.
- Same competence in maintaining company standard procedures globally.

Jotun GreenSteps

For a more colourful world, we all need to be a little greener

Jotun recognises the responsibility it has to the environment and has established its own GreenSteps programme.

Through the GreenSteps programme we address market demand for more sustainable coatings solutions.
